

# SAINT BENEDICT

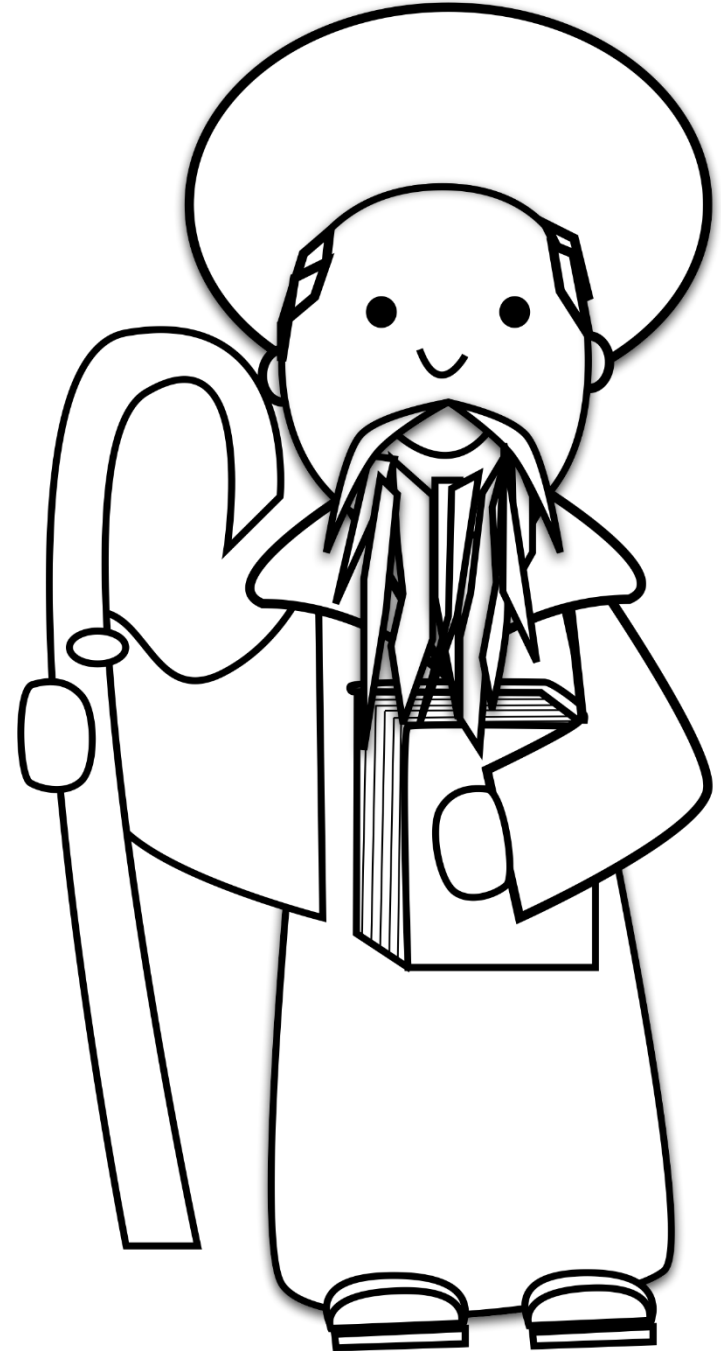

St. Benedict  
died on  
March 21, 543.  
He is the patron  
saint against  
poisoning and of  
monks. His feast  
day is on July 11.

St. Benedict  
was born in  
480 A.D in  
Rome. He was  
born to a noble  
family. His twin  
sister is  
St. Scholastica.

St. Benedict gave up  
his life of riches and  
lived in a cave where  
he worshipped God.  
Other men joined him  
and they began the  
Order of The  
Benedictines.  
St. Benedict had the  
power of miracles.
